Our Formal Easter Opening All This Week

Next to Hammond, The Florist.

A Millinery Reception.

It is a Millinery Reception-not a Flower Show. Interest centers equally upon the trimmed and untrimmed hats and flowers. Fresh thoughts and perfect taste are persuasively combined into the simple and ornate, extravagant and economical hats. The pictured hats and other hundreds, all different, lend their symphonic charm to make this Easter Millinery Opening surpass its predecessors in variety, beauty and volume.

The foreign element is represented by fresh, bold, artistic thoughts from

Louison, Tore, Germaine, Verot. Francois. Florette, Louise, Georgette.

But our own and other deft American milliners are not dependent upon foreigners. They have turned composers, stimulating and thrilling hats into songs-songs as rythmic, harmonious and charming as the composers may

Class Recital.

Class Recital.

On Thursday afternoon, April 5th, the pupils of Miss Mary Willie Smoot gan an interesting recital in her studio at No. 110 North Third Street. Only the parents of the pupils were invited and they expressed great pleasure at the improvement noticed in those who played in the December recital. As the programme indicates, many of the pupils are beginners, but Miss Smoot has found them very interesting, especially with the elementary writing lessons and the practice record, which has stimulated them to better work.
